

Tomatoes — Cherry

CHADWICK CHERRY

A perfect cherry for salads and snacking. Disease resistant vines set abundant crops of 1" fruits borne in clusters. Productive all-season. 70 days.

GARDENERS' DELIGHT

German heirloom with clusters of deep-red 3/4" fruits. Excellent flavor. 70 days.

JULIET*

1 oz. cherry tomato hybrid with a great sweet flavor that produces grape-like clusters. Crack resistant. 60 days.

MEXICO MIDGET

Hundreds of 1/2-3/4" dark red cherry tomatoes produced throughout the growing season. 60-70 days.

PANDORINO*

Vigorous, tall vines are covered early with multiple cascading clusters of cherry-bright, sweet fruits to harvest all summer long.

70-75 days.

SWEETIE

Sweet, round red cherry with a high sugar content makes these tomatoes perfect for juice or preserves. 65-70 days.

SUPER SWEET 100*

1" red fruits, high in Vitamin C, excellent flavor, hybrid. 65 days.

BLACK CHERRY

High yield, deep purple/mahogany fruits with rich, complex flavor. 75 days.

BLACK PLUM

Larger than a cherry tomato. Great taste and very prolific. Starts early and lasts a long time. 80 days.

CHOCOLATE CHERRY

These 1" cherries have an attractive port wine-colored flesh and skin with a comparably delicious and multifaceted flavor. Super productive. 70 days.

VIOLET JASPER

1-3 oz. round fruits that ripen to a gorgeous, striped, violet-red-green color. The fruits have a characteristic mild and smooth flavor. Soft texture. Highly productive plants make it difficult to keep up with harvests. 78 days.

* = Hybrid

AMY'S APRICOT

Growing in popularity due to its flavor, this tomato is a lovely golden apricot in color. Tall vigorous plants bear lots of ¾" fruit. Its flavor is usually compared to Sungold, fruity but intense. 75 days.

SUN SUGAR*

Attractive, golden-yellow color with extraordinary sugar-sweet flavor make this one a perfect gourmet cherry tomato! Thin-skinned, tiny, crack-resistant fruits. 62 days.

SUNGOLD*

Hybrid with golden color, outstanding flavor, and good disease resistance; produces all season. 57 days.

ATOMIC GRAPE

Lavender and purple stripes, turning to technicolor olive-green, red, and brown/blue stripes when fully ripe. Crack resistant, developed by Brad Gates, Wild Boar Farms. 75 days.

KARMA PURPLE

Potato leaf cherry, producing dark purple fruits. So sweet, we call them garden candy. 75 days.

BLUSH

Bright yellow with red stripes; excellent flavor. 70 days.

BEAM'S YELLOW PEAR

Very sweet, 1½" yellow pear-shaped fruits have a mild flavor. Great for fresh eating or making tomato preserves. 80 days.

TASMANIAN CHOCOLATE (Container)

Great 2-3' tall plant. This tomato has deeply ribbed 5-12 oz. fruit. 55 days.

Tomatoes — Dwarf

BEAUTY KING

Very productive rugose, regular leaf dwarf-type plant. Its fruit are medium sized, oblate shaped, smooth skinned, and red in color with vertical, gold striping. 75 days.

GLORIA'S TREAT

Rugose, potato leaves. One of the best flavored dwarfs, 6-12 oz. 75 days.

ROSELLA PURPLE

Regular rugose leaves, similar to Cherokee Purple. 75 days.

* = Hybrid

Tomatoes — Early

BLOODY BUTCHER

Very productive, all-purpose heirloom with rich flavor, blood red skin and flesh. 55 days.

DIRTY GIRL

De-hybridized /open pollinated version of Early Girl. 50-60 days.

EARLY GIRL VFF*

Early slicing tomato with good disease resistance. Hybrid, flavorful, 4-6 oz. fruit. 57 days.

NEW GIRL*

Earlier and more disease resistant than Early Girl. Hybrid, 4-6 oz. fruit. 58 days.

FIREWORKS

Early, red slicing tomato with 6-8 oz. fruits. 60 days.

FOURTH OF JULY*

Early maturing plant produces good yields of 4 oz. bright red tomatoes. Perfect for salads, sandwiches, and slicing. 50 days.

MATINA

Early crop of 2-4 oz. red fruit with terrific flavor. 58 days.

SILETZ

The regular leaf plants of Siletz are early maturing and produce red fruit that are large (up to a pound), with the first to mature being nearly seedless (parthenocarpic). 70 days.

SIOUX

Early maturing plant produces high yields of 4-6 oz. red tomatoes. They are incredibly sweet, tangy, and full of those rich complex flavors that make a delicious tomato. 70 days.

STUPICE

This cold-tolerant tomato ripens to sweet, red, slightly oval, 2" fruits and produces throughout the summer. 60 days.

Tomatoes — Heirloom

BRANDYWINE (PINK) SUDDUTH STRAIN

Also known as Pink Brandywine, this variety has an incredibly rich, delightfully intense tomato flavor. A beefsteak tomato that produces large pink fruits, up to 2 lbs. 90 days.

CASPIAN PINK

The first tomato to beat Brandywine in taste tests! Large pink beefsteak. 80 days.

JULIA CHILD

Beefsteak that produces deep pink fruits that are very flavorful, sweet, and juicy. Perfect for sandwiches, salads, and slicing. A Julia Child favorite. 78 days.

PINK BOAR

2-4 oz. fruit, striking looks, outrageous flavor. 70-80 days.

BEEFSTEAK

America's most popular variety for topping sandwiches. Large, meaty fruits with rich tomato flavor. 80 days.

BIG BEEF PLUS*

Hybrid, disease resistant, indeterminate. This version is sweeter than the original. 72 days.

MONEYMAKER

Great for fresh eating! 4-6 oz. smooth fruits which do well in hot, humid climates. Very productive. 77 days.

SUPER FANTASTIC*

An improvement on the ever-popular FANTASTIC tomato with stronger disease resistance. Hybrid. Heavy yields of solid, meaty, smooth 10 oz. fruits. 70 days.

SUPERSTEAK*

Our favorite super size tomato with most fruits weighing in at 2 lbs. Hybrid. Burpee bred, this is the original with "beefsteak" flavor and meaty texture. 80 days.

BRANDYWINE

The nation's favorite heirloom tomato! Vigorous vines with big, globe-shaped fruits bursting with juicy flavor. Perfect to eat right off the vine or slicing for sandwiches. 80 days.

BURBANK SLICING

Developed by Luther Burbank around 1915. Heavy yielder of majestic 3-4" fruit, very deep red color and a traditional bold flavor. 75 days.

* = Hybrid

CRIMSON CARMELLO

Bred in France especially for fresh eating. The 4-5" red juicy fruits have a perfect sweet-to-acid balance that translates to exquisite taste. Good disease resistance. 70 days.

BLACK BEAUTY

Darkest black tomato we sell with extreme anthocyanin expression. One of the best tasting tomatoes. 80 days.

ROSE DE BERNE

Easy to grow dark pink 4-8 oz. tomato. Sweet, meaty Swiss heirloom. 75 days.

BLACK BRANDYWINE

Potato leaf. Extra large in size and full of the deep, earthy and sweet flavor that has made blackish-purple tomatoes so popular. 90 days.

UKRAINIAN HEART

Russian heirloom that produces 10-20 oz. fruits with few seeds, great flavor. Our heart is with our sister city, Cherkassy, Ukraine. 85 days.

BLACK KRIM

Fruits are a dark, deep red (almost a shiny black) with heavy green shoulders. Interior is a deep, reddish-green color. Sweet and tasty. 80 days.

ANANAS NOIR (a.k.a. Black Pineapple)

Gorgeous on the inside: green and dark reddish-brown with fuchsia stripes. Large fruits up to 1½ lbs. 85 days.

CARBON

Large smooth fruit; one of the darkest and prettiest of the purple types. It has an extra dose of the complex flavor that makes dark tomatoes famous. 80 days.

CHOCOLATE STRIPES

3-6" mahogany colored flavorful fruit with olive green striping. 80 days.

CHEROKEE CARBON*

A gorgeous dusky purple beefsteak with rich, complex flavor, this hybrid is a cross between two heirloom taste-test winners, Cherokee Purple and Carbon. 80 days.

BLUE BEAUTY

Cross between 'Beauty King' and a blue tomato. Fruit is modest beefsteak-type slicer, weighing up to 8 oz. 80 days.

CHEROKEE PURPLE

Cherokee Indian heirloom; 10-12 oz. fruits, deep dusky purple-pink color. 80 days.

JAPANESE BLACK TRIFELE

Heavy producer of delicious pear-shaped 4 oz. fruits that are free of blemishes and cracks and range in color from intense black to dark gray, blushed with magenta. 75-80 days.

PAUL ROBESON

Russian heirloom that continues to be a favorite in taste test competitions. Brick red, 8-12 oz. fruits have dark green shoulders and red flesh. Exceptional flavor. 85 days.

PINK BERKELEY TIE DYE

Port wine beefsteak with metallic green stripes and excellent flavor. 8-12 oz.

Developed by Brad Gates. 70 days.

SOLAR FLARE

Beefsteak with 6-10 oz. red fruit with gold stripes. Brad Gates. 75 days.

AZOYCHKA

A Russian heirloom that produces an abundant crop of smooth, 3", 10-16 oz., slightly flattened oblate, meaty, yellow/orange tomatoes with a luscious sweet citrusy flavor. 72 days.

BEAUTY KING

One of the best looking and tasting red and yellow bicolor striped tomatoes you'll ever try! Very sweet fruits up to 20 oz. have meaty yellow flesh with bright red streaks. 80 days.

GOLD MEDAL

Good yields of 1-2 lb. bi-colored orange-yellow beefsteak tomatoes with some rosy-red coloring. Juicy with rich, sweet tomato flavor. 75 days.

HILLBILLY

Orange yellow beefsteak with mottled red streaks. Very sweet, low acid. 85 days.

JUANE FLAMME

Prolific producer with bright orange 2" fruits with a tangy, sweet taste. 75 days.

KELLOGG'S BREAKFAST

Orange beefsteak that produces fruits weighing 1-2 lbs. Fruits have a good acid/sugar balance and plants are very productive. 80 days.

LUCID GEM

This Brad Gates selection was the winner of the sweetest tomato award at the 2017 National Heirloom Expo. 5 oz. very meaty fruits are yellow with black tops. 75 days.

MUCHTAR'S MAGIC

The perfect yellow tomato and a Harvest for the Hungry Garden exclusive. 75 days.

OAXACAN JEWEL

Pre-Columbian Mexican heirloom that produces beautiful 1-2 lb. yellow/red bicolor fruits and brilliant red marbling inside the flesh.

Wonderfully rich, sweet, fruity flavors with a well-balanced, acidic finish. 80 days.

CAPTAIN LUCKY

The hot, new tomato! Open pollinated, delicious, potato leaf plants. Green-bicolor. 75 days.

GREEN GIANT

Large emerald-green, smooth, and blemish-free fruits over 1 lb. Color stays pure green, even when dead ripe. Outstanding complex flavor. Very few seeds. 85 days.

GREEN ZEBRA

Beautiful chartreuse with deep lime-green stripes. Flesh is bright green and very rich tasting, sweet with a sharp bite to it. Just too good to describe! 75 days.

TOMATO DESCRIPTIONS KEY:

PURPLE = New in 2025

***** = Hybrid

Tomatoes — Paste/Sauce

AMISH PASTE

This classic paste tomato is flavorful and juicy enough for slicing, with great meatiness for cooking down. Very few seeds, medium size, sweeter flavor than other paste tomatoes. 74 days.

ROMA

Determinate. Oblong-shaped, small, red fruit that is meaty inside with few seeds. Well-suited for sauces, canning, drying, and making tomato paste. 75 days.

BLUE BEECH

High yielding paste tomato, sausage shaped, 8-10 oz., resists disease and blossom end rot better than most paste tomatoes. 85 days.

SAN MARZANO

Red plum type, 2-3" long, 5-6 oz. traditionally the best choice for tomato sauce. 80 days.

FEDERLE

Produces tons of 7" long red tomatoes with a rich, balanced, delicious flavor profile compared to most paste tomatoes. 85 days.

SAN MARZANO REDORTA

Named for a mountain in the Alps, San Marzano Redorta is considerably larger than its cousin at 4" long, 8-10 oz. Disease resistant. 78 days.

OPALKA

Sweet, 5" tomatoes shaped like a banana pepper. Plants have wispy foliage but are very productive and vigorous. Few seeds, lots of sweet meat. 80 days.

SPECKLED ROMAN

Striking elongated plum tomato with yellow streaks. Meaty red flesh has little juice. 85 days.

SUPER ITALIAN PASTE

Produces an abundance of reddish orange, 6" elongated, firm tomatoes that average about 10 oz. each. The flesh is thick with very little juice and few seeds. 70 days.
